

SUBARU XV

SUBARU

EVERYTHING YOU DO IS NOW FUN TO DO.

Introducing the fun-packed, all-new SUBARU XV. Featuring a combination of stylish urban design and rugged good looks, and new levels of capability to get excited about, it's the inspiration to live the life you want. Whether it's a night out on the town or a spur-of-the-moment weekend getaway, the SUBARU XV helps you do all the things you love, in style and in comfort. Every day can and should be, a joyful adventure.

FUN AT FIRST SIGHT.

You'll notice it at first glance. An exciting blend of form and functionality, the all-new SUBARU XV is always ready for a good time—just like you. Ride the waves at the beach. Go hit the trails, you can bike it or hike it. Spend a weekend away at the cabin. Or stay and discover all the hidden gems in the city. Whatever you do, you'll create memories and make stories you'll never forget.

TAKE OUT

CITY STYLE, COUNTRY CAPABLE.

The all-new SUBARU XV is always up for a challenge. The SUBARU XV instills confidence behind the wheel with its high driving position and excellent visibility, whilst conquering rough roads with Symmetrical All-Wheel Drive and its high ground clearance. Now, with the addition of X-MODE, it's more fun to drive than ever before and adds a whole new range of possible destinations for all your weekend journeys, and gets you there with peace of mind.

X-MODE ENGAGED.
X-MODE helps to give you reliable control with a push of a button. The technology of X-MODE takes command of the engine, transmission, Symmetrical AWD, brakes, and other components to safely navigate through challenging road conditions and varying terrain. When X-MODE is activated, Hill Descent Control automatically helps to maintain a constant speed when the SUBARU XV is travelling downhill.

LOAD IT WITH ADVENTURE, FILL IT WITH MEMORIES.

Shine your skis, polish your surfboards, and oil your bikes, because you'll be needing them. The all-new SUBARU XV features outstanding cargo capacity so you can bring all your life's accessories along. The SUBARU XV is ready when you are, to support you on all your urban and weekend outings.

SMART CARGO SOLUTIONS

The all-new SUBARU XV adds more utility to your enjoyable drive. The wide, almost square luggage compartment opening is much larger, allowing even easier luggage loading and unloading. Inside, there's even more space between the wheel housings. When you need more space, use the easy-to-use roof rails* to carry larger items.

* Requires purchase of an attachment to load cargo on the roof rails.

YOUR JOURNEY BEGINS INSIDE.

When you open the doors of the all-new SUBARU XV, you'll immediately notice its refined and sporty styling. More spacious and polished than ever before, the contoured seats provide a comfortable and enjoyable experience for you and all your passengers, even on those long rides.

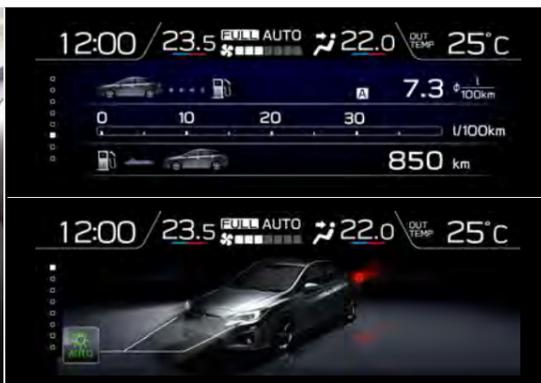

KEEP IN TOUCH.

The all-new SUBARU XV is equipped with a completely redesigned next-generation infotainment system that keeps you connected wherever you go. An available 8-inch touchscreen head unit display provides intuitive access to navigation and listening content, whilst a redesigned multifunction display informs drivers on key vehicle stats. Connectivity between the head unit display, meter display*2, and multifunction display helps improve convenience, safety, and enjoyment. In touch and in control—that's how you'll always feel inside the SUBARU XV.

01

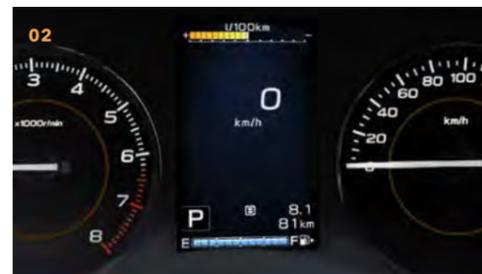

01. MULTIFUNCTION DISPLAY*1

This new 6.3-inch full-colour LCD multifunction display at the top of the instrument panel provides you and your passengers with useful information in an easy-to-understand view.

03. REAR VIEW CAMERA

Conveniently manoeuvre the all-new SUBARU XV in tight city spaces with ease. When you shift into reverse gear, the camera displays a live colour image on the head unit display along with guidelines to assist you with parking.

02. METER DISPLAY

Now easier to see with its larger screen, the 4.2-inch full-colour LCD meter display helps you understand useful driving information with a quick glance so you can keep your eyes on the road.

04. 6-SPEAKER AUDIO SYSTEM

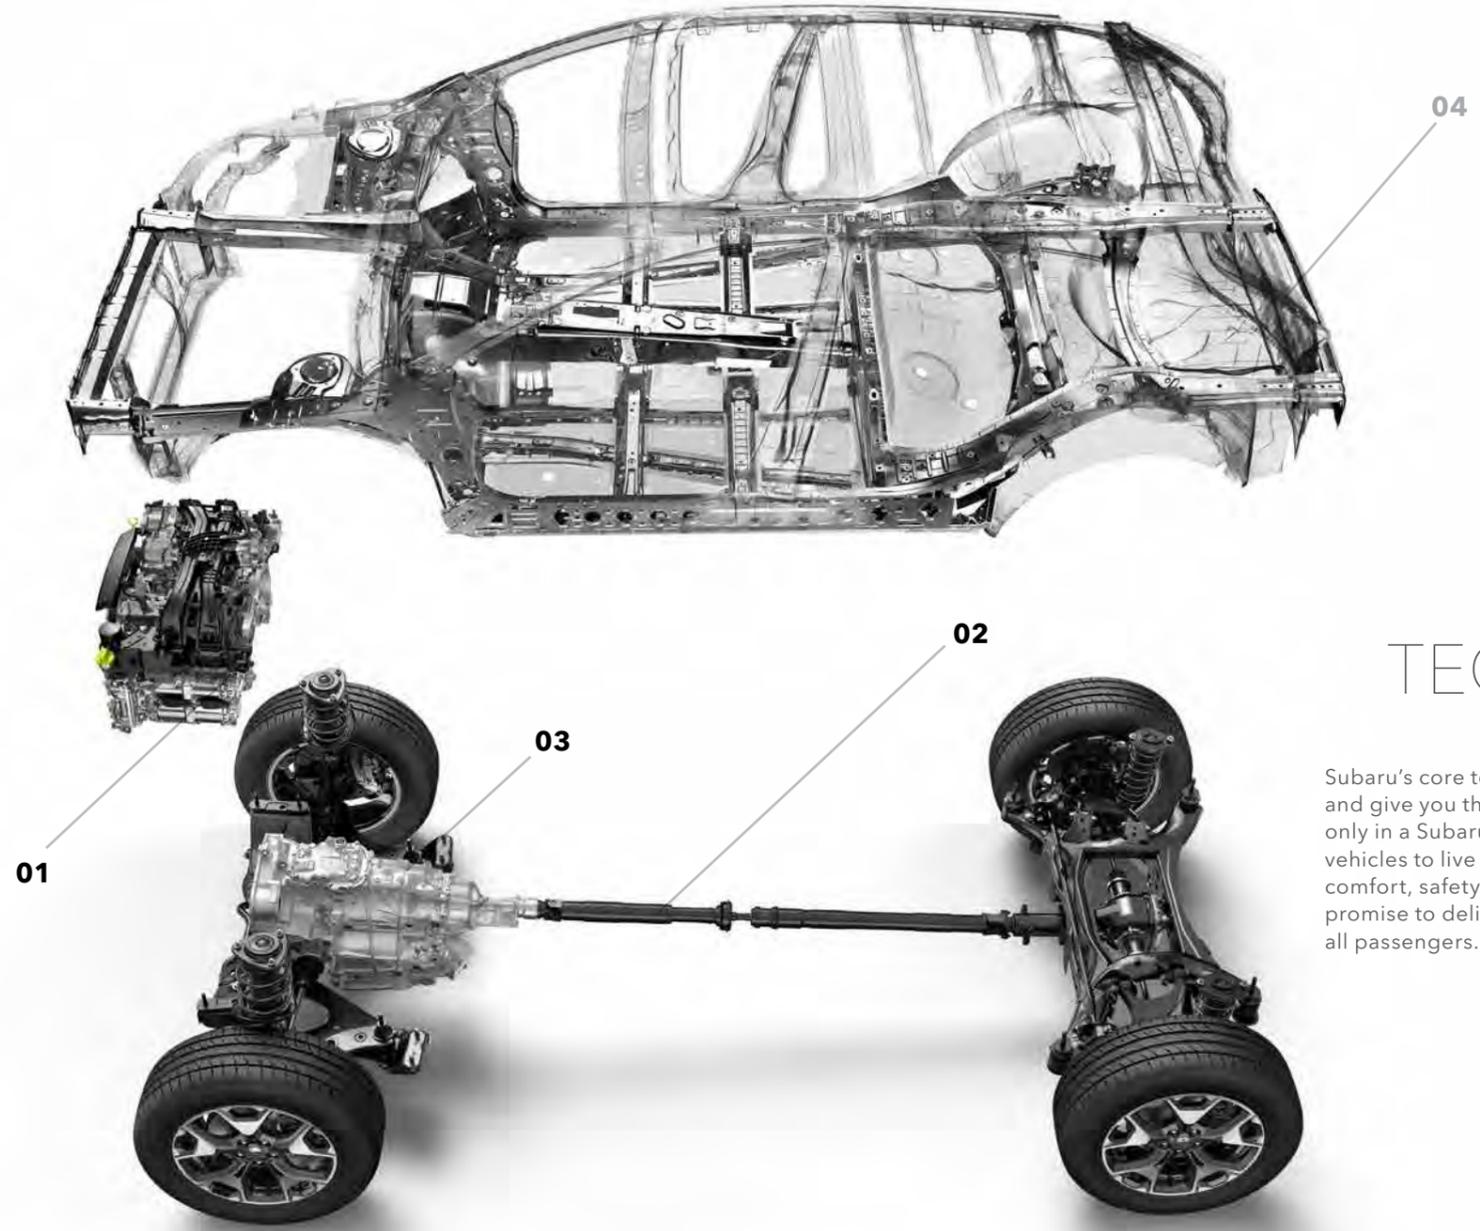

Feel right at home listening to your favourite tunes through the premium 6-speaker system. The premium 6-speaker system has two additional tweeters in the centre panel for a wider range of audio playback.

*1 Available on 2.0i-P model only.

*2 Connectivity function only available in models with the 4.2-inch premium meter display.

Driver is always responsible for safe and attentive driving. Please refrain from operating the touchscreen whilst driving.

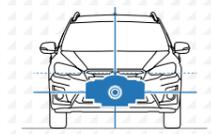

SUBARU CORE TECHNOLOGY

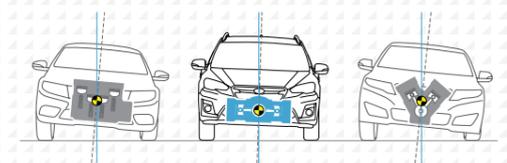

Subaru's core technologies identify the Subaru brand and give you the unique driving feel you can find only in a Subaru. These core systems allow Subaru vehicles to live up to its standards in performance, comfort, safety, and reliability whilst keeping its promise to deliver enjoyment and peace of mind to all passengers.

01 SUBARU BOXER ENGINE

A boxer engine, or a horizontally opposed engine, is an engine configuration in which its pistons move toward each other in a horizontal direction. Subaru has been solely committed to the SUBARU BOXER engine for over 50 years for its many advantages over other engine types, providing durability and reliable performance in its vehicles.

INCREASED STABILITY
The low centre of gravity and flat design give it better side-to-side stability than other engine types.

LONG-LASTING PERFORMANCE
The engine's flat design is inherently rigid and self-balancing, generating less vibration than other engine types.

02 SYMMETRICAL ALL-WHEEL DRIVE (AWD)

Subaru's Symmetrical AWD distributes power to all wheels for better traction on wet and slippery roads. Laid out in a horizontally symmetrical plane, this system has a well-balanced low centre of gravity design for a more stable and safer ride.

03 LINEARTRONIC + ACTIVE TORQUE SPLIT AWD

Lineartronic adjusts to any ratio in its range for smooth and stepless gear changes that keep the engine in its most efficient range for efficient and smooth acceleration, driving performance and better fuel efficiency. It comes paired with Subaru's active torque split AWD system. Its default torque of 60% front and 40% rear is adjusted up to a 50/50 split in response to real-time traction conditions.

04 SUBARU GLOBAL PLATFORM

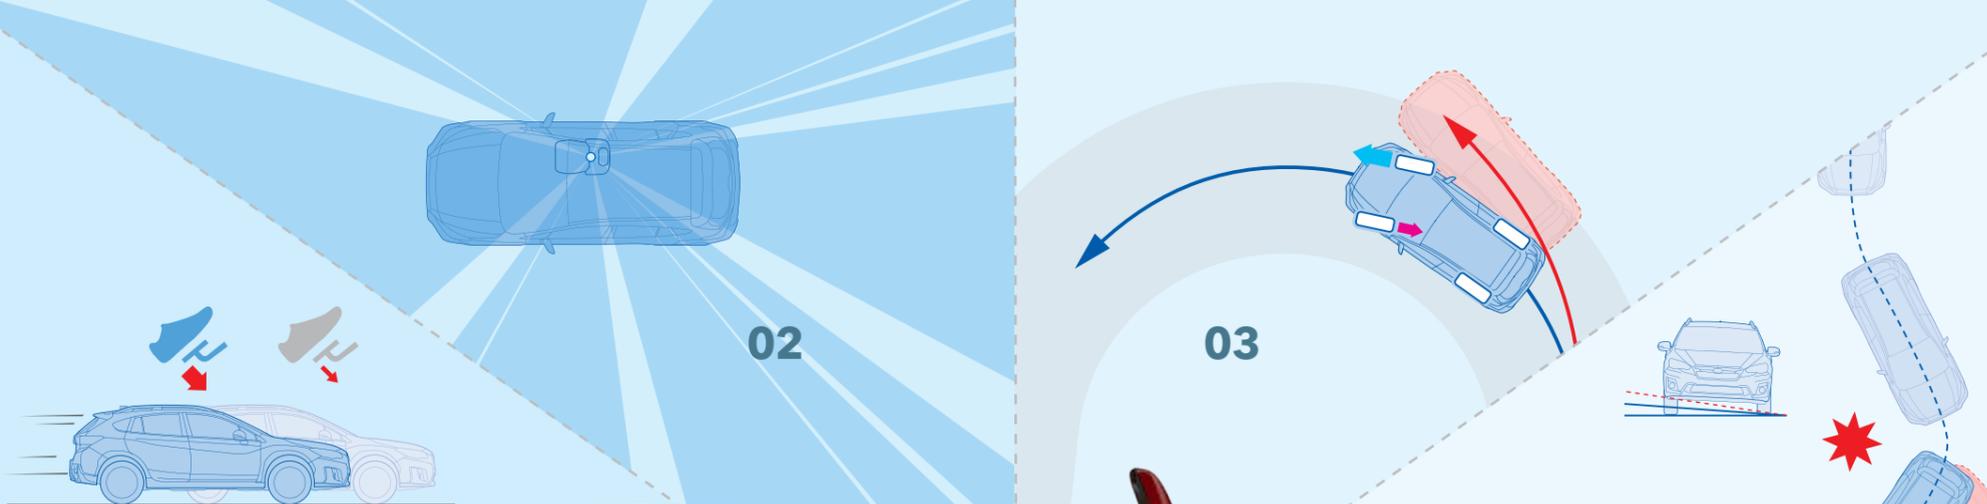

The Subaru Global Platform (SGP) is the underlying platform that will underpin the next generation of Subaru vehicles. Enhancing all-around safety and performance, it goes beyond better performance to offer a driving feel you can only find in a Subaru. It's the future of Subaru—and delivers even more enjoyment and peace of mind to all drivers and passengers.

1. More Fun to Drive
More responsive handling allows the driver to steer the car as intended, also increasing hazard avoidance. The result is a car that's safer and more fun to drive, even on long trips. Even with its versatile high ground clearance, the all-new SUBARU XV overcomes turns like a passenger car.

2. Ride Comfort
Improvements in chassis rigidity, suspension, and stabilisers efficiently absorb shocks from the road and hide uneven surfaces, allowing more comfort and less fatigue on long rides.

3. Comfortable Cabin Space
Unpleasant vibrations or noise have been minimised to ensure all passengers enjoy the ride. Suspension improvements and a highly rigid chassis allow for a comfortable cabin interior for all.

ACTIVE SAFETY

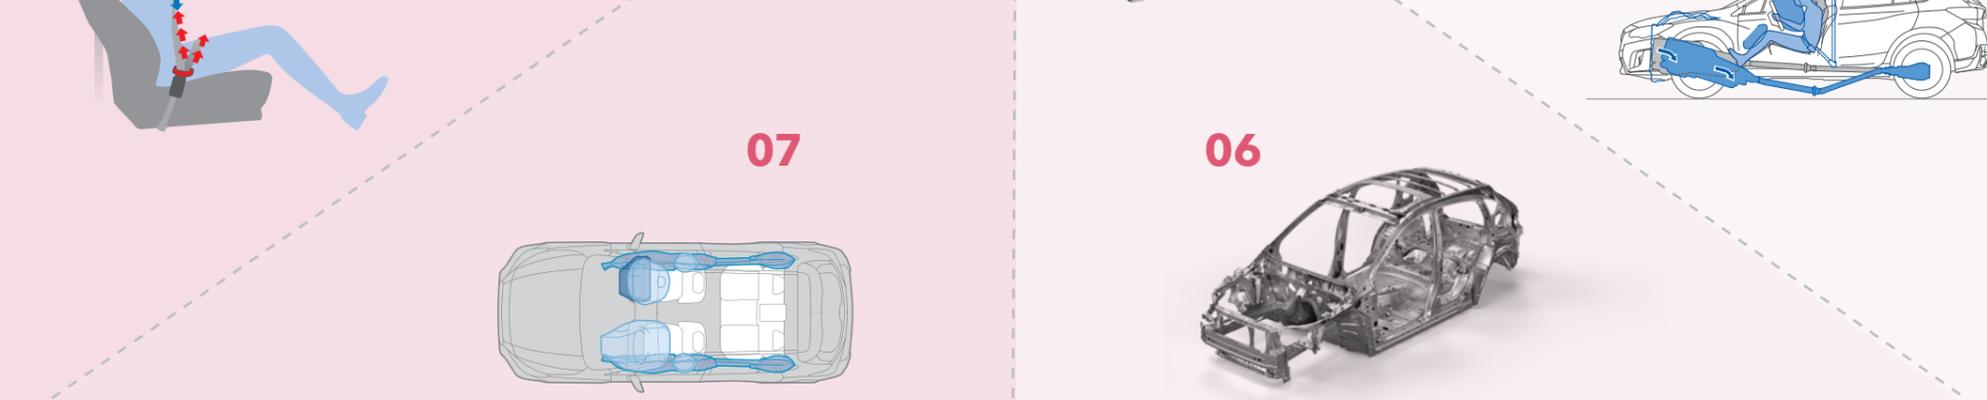

- 01 BRAKES**
The Antilock Braking System includes electronic brake-force distribution to reapportion front and rear braking pressure when the vehicle is loaded. The all-new SUBARU XV features both Brake Assist and Brake Override.
- 02 VISIBILITY**
Design improvements have been made with the viewing angle of drivers in mind to offer better front and rear visibility.
- 03 VEHICLE DYNAMICS CONTROL SYSTEM & ACTIVE TORQUE VECTORING**
If the vehicle approaches the limits of stability, the AWD torque distribution, engine output, and brakes at each wheel are adjusted to help keep the vehicle on course. And with Active Torque Vectoring, brakes are applied and less torque is distributed to the inside wheels and more to the outside wheels for more precise handling, helping you make sharp turns when necessary.

SUBARU GLOBAL PLATFORM

The SGP's advancements throughout the chassis—higher rigidity, higher strength, lighter weight, better rolling resistance and responsive steering—particularly benefit these safety systems.

- 04 HAZARD AVOIDANCE**
Made possible by the SGP, the lower centre of gravity design, enhanced suspension system, and rigidity improvements provide a vehicle that responds immediately when evasive actions are taken, helping avoid hazards on the road.
- 05 CABIN-PROTECTING LAYOUT**
Now sitting lower than ever due to the low centre of gravity design of the SGP, the engine and gearbox are designed to avoid crashing into the cabin in the event of a collision.

- 06 RING-SHAPED REINFORCEMENT FRAME**
The ring-shaped reinforcement frame makes better use of high-tensile steel panels and has been structurally redesigned for more efficient energy absorption from impacts in all directions.
- 07 SUPPLEMENTAL RESTRAINT SYSTEM (SRS)* AIRBAGS**
Front SRS* airbags, front side SRS* airbags, curtain SRS* airbags, and a knee SRS* airbag come standard on the all-new SUBARU XV to give all passengers a higher level of protection in the event of a collision.
- 08 LOCKING-TONGUE SEATBELTS**
During an impact, the locking tongue limits movement in the lap belt and reduces impact in the lower chest area to improve safety and reduce injury levels.

* Effective when used in conjunction with seatbelts.

FEATURES

01. Steering Responsive Headlights (SRH)*¹

When rounding a curve at night, the illumination direction of the headlights moves left or right according to the steering wheel to ensure visibility.

02. 17-inch Aluminium-alloy Wheels

These stylish wheels are durable and lightweight, and show the all-new SUBARU XV's functionality and unique personality.

05. Aluminium Pedals*¹

These motorsports-inspired pedals give the interior an exciting feel.

03. Roof Rails*²

Ready to support your life's accessories, roof rails on the all-new SUBARU XV add more utility to your enjoyable drive.

04. Rear Fog Lamps

Increase your car's visibility to vehicles behind in poor weather. The new rear fog lamps are installed in the bumper and protected by claddings, adding to the stylish and powerful look of the all-new SUBARU XV.

06. Dual-zone Automatic Air-conditioning System*¹

The redesigned air-conditioning system distributes air efficiently and silently with improved vent directional flow for a more comfortable cabin in any weather.

07. Keyless Access and Push-button Start System

Your key fob gives you easy keyless access into your vehicle and allows you to start the engine with a simple push of the start button.

08. Electronic Parking Brake (EPB)

Easily activated or released with a flick of a switch, the caliper-integrated EPB clasps the brake pads with motor power. When stopped on a hill, EPB is automatically activated. When you step on the gas, EPB is automatically deactivated whilst Hill Holder prevents rollback.

*¹ Available on 2.0i-P model only.

*² Requires purchase of an attachment to load cargo on the roof rails.

DIMENSIONS

Dimensions are measured in accordance with standard measurement of SUBARU CORPORATION.

SUBARU CORPORATION reserves the right to alter specifications and equipment without notice. Details of specifications, equipment, colour availability and the accessory lineup are subject to suit local conditions and requirements. Please inquire at your local retailer for details of any changes that might be required for your area.

Not all features, options, or packages are available for all models and regions. See your specification sheet for availability. Please contact your local authorised Subaru retailer for more details.

* Models without roof rails have a height of 1595 mm.

PERSONALISE YOUR RIDE.

Whilst every SUBARU XV comes generously equipped, Subaru accessories are the perfect way to tailor your Subaru to your life and your style. Whether you want to add convenience, enhance functionality, or personalise your SUBARU XV's appearance, Subaru accessories are designed to provide the same fit and quality as your Subaru vehicle. For more details, ask for the accessory brochure or visit your nearest Subaru retailer.
